PLUS

Our goal is maximum relaxation, stress relief and an overall improvement in the quality of your life. Sano Plus products are a collection of Italian design, scientific innovation and health benefits.

With our latest technologies and innovations, we are constantly improving our products, making them constantly better for your health.

FORTUNA FOOT MASSAGER

Beautifully designed, easily portable and easy to use, the Fortuna massager offers several types of massage: "Shijatsa" (imitating hand movements), kneading massage, roller massage, heat massage, massage with the help of air cushions.

The Fortuna massager has six levels of air pressure massage strength, 3 operating modes and two levels of kneading massage speed. It also distinguishes between automatic and manual operation modes: two variable automatic operation modes. It also contains two levels of temperature adjustment during heating: lower and higher temperature. Switching off is automatic, after 15 minutes of massage.

APOLLO S NECK MASSAGER

Massage with the Apollo S massager has a positive effect on the improvement of the entire body function, on the improvement of blood circulation in the body in order to supply the appropriate nutrients.

Apollo S also improves lymphatic detoxification and relaxes muscles to help the body maintain the balance of yin and yang. It enables proper posture and strengthens the back muscles. Eliminates constipation and other gastrointestinal discomforts. It strengthens immunity, tightens the skin and improves the breakdown of cellulite. It is used as a preventive measure, with the primary purpose of preserving health, and is also an integral part of physical medicine.

NEPTUN S MASSAGE MATTRESS

Neptun S is massage mattress with 5 different modes that is ideal for pain in the neck, legs, shoulders and spine. It contains 10 rotating massage balls and imitates hand movements, and since the rotating balls are adjustable in height, it is easy to adapt to different parts of the body.

In the neck area, it relieves pain in spondylosis, discopathy, stiffness, enables better blood circulation in the brain and contributes to better concentration and memory. It also relieves pain and muscle spasms, relieves joint stiffness, improves circulation in the legs and helps break up cellulite.

BLOOD PRESSURE MONITOR SP1332

Blood pressure monitor SP1332 is a compact, economical and fully automatic digital device for measuring blood pressure and pulse, which provides accurate and reliable measurement results with simple use. It has a very large screen for displaying results. It has an irregular heart rhythm indicator. The device has the possibility of memorizing the results so that you can follow the changes. The cuff is large enough to fit all users.

The package contains a blood pressure monitor, cuff 22 - 36 cm, user manual, storage bag, adapter.

Blood pressure classification indicator according to WHO (World Health Organization)
